Hello Debbie, Ana and Doug-
I hope the first public meeting and the press conference went well. Attached please find TASC's report on the FFS and the Proposed Plan. We hope this document is useful for community members as they write up their comments for EPA.

I'll plan to attend the June 12th CAG meeting to be available for informal follow-up questions about the report. I will bring copies of the report to distribute. (Do you think 25 copies will be enough?) Please let me know if you would prefer a different approach.

Also, please let us know if the CAG would like additional TASC support.

Thanks a lot,
Hagai
